VOL. XVIII — HAMILTON COLLEGE, CLINTON, N. Y., SATURDAY, JUNE 12, 1926 — NUMBER 29.

COMMENCEMENT PROGRAM GETS WELL STARTED

Full Schedule of Events Attracts Many Alumni to Scene of College Days

SENIOR BALL PROVES SUCCESS

Annual Graduation Exercises Will Be Held Monday

The various exercises and meetings which Commencement ever brings in its wake, began yesterday with full glory, and will be continued today and tomorrow, with the climax being reached in the graduation exercises Monday morning. Yesterday occurred the class day exercises, the meeting of the Board of Trustees, the McKinney Prize declamation contest, with a big social evening, when the Charlatans presented "Is Zat So?" after which performance came the Senior Ball.

This morning at 10:30 the Society of Alumni will hold its annual meeting in the Chapel. The officers of the Alumni Association this year are: President, William H. Hotchkiss, '86; vice-presidents, E. Root Fitch, '86; Frank H. Robson, '87; Martin J. Hutchens, '88; John M. Holley, '98; half-century annalist, Archibald L. Love, '76; necrologist, Wallace B. Johnson, '15. The schedule for the meeting of the alumni this year will be practically the same as last year, and as it is every year. The chief feature of interest to many, the letter of the half-century annalist, will be read as usual, while Dr. Ferry will give a few remarks, as he has made a practice of doing in the past.

Following the alumni meeting will come the annual and eagerly-anticipated class reunions. These joyous get togethers will come about 1:30, in Commons. A special luncheon will be served to the reunion classes. Tables marked with cards will be reserved for the classes. Tickets for this luncheon may be procured in advance from Mr. Edward M. Coughlin or at the College Store for one dollar each.

This afternoon, from 4 to 6, the President and Mrs. Ferry will give a reception in the library to all alumni, seniors and guests, to which everybody is invited. For the benefit of the undergraduates of the college who may be present on the Hill, **Life** announces that refreshments will be served.

To bring to an impressive and fit-

(Continued on page 4)

CAPTAINS OF SPRING SPORTS ARE CHOSEN

Election of the captains of the three spring sports took place at the close of the spring athletic season. Robert N. Brockway, '28, of Summit, N. J., was chosen captain of track for the season of 1927; Charles W. Mac Lean, '27, of Brooklyn, was elected to the captaincy of baseball; and Robert G. McGregor, '27, of New Rochelle, was selected to lead the tennis team. All three of the captains chosen were thus honored because of distinguishing work they have been doing in the past and former seasons.

Brockway, one of the most valuable men on the track squad, successfully took part in the shot put, the javelin throw, and the discus throw, and was accountable for many of the points scored by the team. He also broke the college record for the discus in the recent match with Middlebury. He has played football for two years and last season held down the position of center. He is a member of Was Los, being one of the new men tapped this spring. He is a member of Delta Kappa Epsilon.

MacLean is a member of D. T. and Was Los. His consistently fine work at the second sack and his hitting ability have been of great value to the Buff and Blue nine during the three years in which he has been playing. His election as leader of the nine is his second captaincy. He was chosen captain of hockey at the close of the last hockey season throughout which he starred as wing. He is a member of Theta Delta Chi.

McGregor is a member of Alpha Delta Phi and of the D. T. Club. In the past season he did some excellent work in the singles and, with ex-captain Davenport, made up the first doubles team. His election as captain comes as recognition of the creditable playing he has been doing for three seasons. He was also chairman of the Junior Prom committee.

COMMENCEMENT CALENDAR

Saturday, June 12

10:30 a. m. Meeting of the Society of the Alumni, Chapel.
12:00 noon Various Class Reunions.
4-6 p. m. President's Reception in the Library.
7:30 p. m. Clark Prize Exhibition.
9:30 p. m. Reunions of Societies and Fraternities.

Sunday, June 13

10:30 a. m. The Baccalaureate Service.
11:45 a. m. Annual meeting of Pentagon in Truax Hall.
5:00 p. m. Recital by the College Choir.

Monday, June 14

9:30 a. m. Formation of Procession.
10:00 a. m. The 114th Commencement.
12:30 p. m. Annual Commencement Luncheon.

NEW RECORDS MARK POOR TRACK SEASON

Van Vleet and Brockway Feature by Work in Field Events

With the awarding of prizes at the close of the Conference Meet, the Hamilton track men completed a season for noticeable for individual records than for the scoring by the team as a whole. The outlook at the beginning of the year was far from bright, due to the fact that all but five letter men had been lost by graduation or transfer. In addition some of the hardest meets Hamilton had ever entered appeared on the year's schedule.

The results of the first meet with Union and Rochester were exactly as expected. Union scored nearly double the combined tallies of both of the other teams, and Rochester nosed in for a safe second place, beating Hamilton by 12½ points. Hamilton's main strength lay in the field events. Van Vleet and Brockway started a remarkable season with Van's two firsts in the shot put and the high jump, and Bob's second in the discus.

In a dual meet with Colgate the team was overwhelmed by a score of 100½ to 25½. The Buff and Blue squad did not gain a single first. The team showed up somewhat better in the track events, placing in the 220 and two mile as well as in both hurdle events. As usual Hamilton was strongest in the field events.

The shattering of two college records could not save the Middlebury meet to Hamilton. The Buff and Blue went down under a score of 72 2-3 to 52 1-3. Brockway broke the college record in the discus throw by over two feet, while Van threw the 16 pound shot a foot farther than the former record of 38 feet, 10 inches.

In the final meet of the season Hamilton showed the best form of the season by placing second in the Conference and breaking three college records. Van Vleet broke his former record in the shot put with a heave of 41 feet, 11 3 8 inches. DeSormo hurled the javelin 150 ft., 6½ inches while Cutter running a dead heat with Gibbs of Alfred in the 120 yard high hurdles cut the mark to 16 5-10 seconds.

The lookout for the future is better than in many years. In Captain Holley and Van Vleet the team loses two of its strongest members but the rest of the letter men will remain as a foundation for a team next spring.

—Dr. Daniel A. Ferguson, '71, died at his home in Ogdensburgh on June 4

—Harmon L. Morton, '20, has decided to settle in this country after spending four years with the International Banking Corporation in Hong Kong. He is now engaged in business with his father in New York.

—Prof. William D. Crockett, '90, of Pennsylvania State College, recently revised for the Houghton Mifflin Co., Rolfe's "Satchel Guide to Europe."

—Harold W. Thompson, Ph.D., '12, of the English department of Albany State Teachers' College, has been in Edinburgh and London for the past year as a fellow of the Guggenheim Memorial Foundation. He is preparing for publication certain unedited works of Henry McKenzie, the 18th century man of letters. Because of Dr. Thompson's interest and study in the field of Scottish Literature he was recently elected a Fellow of the Scottish Antiquary Society.

Daymont and Skinner To Deliver Annual Commencement Addresses

Annual Announcement of Prizes and Honors Made at Final Chapel—Number of Prizes Unawarded—Bohn, Chase, Lonsdale and Robson Elected to Phi Beta Kappa—Sophomores Get Class Sing Trophy.

At the annual Moving-Up Day ceremonies on Wednesday, the scholarship honors and prize awards for the year were announced by President Ferry. A handsome silver cup which has been given to the College by Prof. and Mrs. Fancher for interclass singing competition was awarded for the first time to the class of 1928.

Peter Bentley Daymont, Jr., of Utica will deliver the valedictory address at the Commencement exercises. Burrhus Frederic Skinner of Scranton, Pa., will be salutatorian. Daymont is the only member of his class who has maintained a high honor average throughout his four years.

The other scholarship honors for 1926 are: Phi Beta Kappa: Fall election, Chretien, Daymont, Schiro, Skinner; spring election, Bohn, Chase, Lonsdale, Robson. Departmental honors: Greek, Chase; Latin: Chretien, Lonsdale, Schiro; German: Bohn, Daymont; French: Chase; Italian and Spanish: deLalla, Lonsdale, Schiro; English Language and Literature: Skinner; Philosophy: Bohn, Schiro; Political Science: Schiro; Mathematics: Chretien, Young; Biology: Robson; Geology and Mineralogy, Daymont. Standings for the course: High Honor, Daymont; Honor, Bohn, Chase, Chretien, Lonsdale, Robson, Schiro, Skinner; Credit, deLalla, Fahrenholz, Hutchens, D. S. Payne, Shields, and Young.

For a number of the prizes there have been no candidates and in some cases the contests have not yet been held. The following list is, however, practically complete: Brockway Entrance Prize, no candidate; Maynard Entrance Prize, no candidate; McKinney Declamation Prizes, contest yet to be held; English Essay Prizes: Hutton, F. A. Ballard, '28; Cobb, no award; Kellogg, P. V. Combs, '29; William Duncan Saunders Prize in English Writing, J. K. Hutchens, '26. Hawley Prize in Latin, S. M. Pitcher, '28. Hawley Prize in Greek, H. W. Swartwout, '27. Curran Prize in Latin and Greek, no competition. Winchell Prize in Greek, C. M. Crist, '27. Brandt Prize in German, no award. Darling Prize in American History, no award. Putnam Prize in American History, no award. Euler Prize in European History, H. D. Rathbun, '26. Tompkins Mathematical Prizes: A. W. Browne, '27, and B. C. Belden, '27. Holbrook Prize in Biology, F. H. Robson, '26. Southworth Prize in Physics, no award. Underwood Prize in Chemistry, no competition. 34th Soper Prize Thesis, no award. 58th McKinney Prize Debate: 1st, Chretien, '26; 2nd, Skinner, '26. 64th Pruyn Medal Oration, no award. 63rd Head Prize Oration, Chretien, '26. 71st Clark Prize Oration: Appointees, Chretien, Hutchens, Daymont, Skinner, Chase, Katz. Oren Root Mathematical Scholarships: P. G. Corby, '28, F. W. Leich, '28. Charles Holland Duell German Scholarship: I. J. Bald, '27. Arthur W. Soper Latin Scholarship: N. H. Hoyt, '27. Edward Huntington Mathematical Scholarship, A. W. Browne, '27. Chauncey S. Truax Greek Scholarship, no candidate. Renwick Scholarship in Biology at Woods Hole, S. A. Britten, '27. Root Fellowship, reawarded to L. A. Wood, '25.

CROWD ANTICIPATED FOR ANNUAL CONTEST

The Clark Prize Exhibition, Hamilton's premier public speaking contest and one of the most remunerative oratorical contests in the American colleges today, will be held in the Chapel at 7:30 Saturday evening. Six seniors, whose orations were selected by the reading committee of the faculty as being the most meritorious of those submitted, will take part in Saturday's exhibition.

K. P., as Clark Prize is generally known, always attracts a large crowd of alumni and guests and has come to be generally recognized as one of the biggest features of every Commencement. That the Chapel will be crowded Saturday evening there is little doubt. Standing room will, in all probability, be at a premium.

The total of $350 in prizes which is now awarded to K. P. winners and appointees, is one of the largest oratorical prizes in the country today. Each of the six men appointed to speak will receive $50 while the winner will receive an additional hundred dollars. The foundation was begun by the late Aaron Clark, A.M., of New York, increased by the late Henry A. Clark, of the class of 1838, and supplemented during the past three years by alumni of the college.

The K. P. Exhibition is one of the traditions of Hamilton and stories are still told about the days when the orations were delivered in the old Stone Church in Clinton and the populace for miles arounds attended. Something of the flavor of days gone by remains in the selectoin of former Clark Prize speakers to act as judges.

The increase in prizes, which went into effect three years ago, has even increased the old enthusiasm for K. P. competition and a majority of the senior class turned in orations this year. Those selected to speak are John W. Chase, Douglas C. Chretien, Peter B. Daymont, John K. Hutchens, Joseph Katz, and Frederic B. Skinner.

As someone has aptly remarked, lots for the order of speakers at K. P. are drawn at birth. The men speak in alphabetical order and no one will be allowed to enter the Chapel except between speeches.

—Robert B. Marvin, '92, who has been for many years the ranking member of the Commercial High School of Brooklyn, has been actively concerned this last year wtih the recent reorganization of the school under its new name of Alexander Hamilton High School.

SENIOR BALL CLOSES LOCAL SOCIAL SEASON

The current social season at Hamilton came to a close last night with the presentation of "Is Zat So?" by the Charlatans, followed by the annual Senior Ball, which was held in the gymnasium. The local troupe of actors under the guidance of Professor Paul A. Fancher presented very ably "Is Zat So" the the show which is having such a long run in New York City.

Frank H. Robson, '26, acted his last role for the Charlatans in a manner which reflected great credit on his ability as an actor. He took the part of "Hap" Hurley, the trainer and young lightweight. Cowan in civilian manager of "Chick" Cowan, a clothes is Coburn Goodwin, '27, president of the Charlatans. His part was well played. C. E. Olmsted, '27, as Clinton Blackburn, and Miss Dorothy L. Ross of Utica as sister of Clint Blackburn represent a socially prominent New York family. Frederick Ellison, '29, ably plays the part of Robert Parker of Morse, Parker and Blackburn. He has for his secretary, Marie Mestretti, which part is taken by Miss Lois Clarke. Mrs. Winthrop Searritt of Utica assumes the role of Parker's nursemaid, Florence Hanley.

The play opens with a scene in Central Park, New York City, and from there it moves to a home a short distance uptown. Act II is set in the cozy sun parlor of the same home in the evening. Act III is back in the parlor of the uptown house. The final play of the season brought to a close a highly successful year for the Charlatans.

At about 11 o'clock, following the Charlatans' performance, the Isle o' Blues Orchestra from Colgate took its place in the corner under some palm trees, and a hundred or more couples began to dance. The gym was artistically decorated with runners and colored lights. Palms improved the looks of the building immensely. Refreshments were served to the dancers in Commons. The patronesses were Mrs. F. C. Ferry and Mrs. A. P. Saunders.

—Dr. Junius H. Judson, who is on the Hill celebrating his 50th anniversary, has recently retired from a long and active career as missionary in Hangkow, China, where he has been since 1879. His retirement necessitated his resignation as President of the Hangkow Presbyterian College, which he was instrumental in founding, and which he has helped to raise to its present influential position among the colleges in China.

CLASS DAY EXERCISES ARE GIVEN BY SENIORS

The annual Class Day exercises given by the senior class yesterday morning in the gymnasium consisted of a unique burlesque of the faculty and commencement. At 9:30 the Art Gallery of clever charcoal etchings, caricaturing various professors, was opened to the public. The burlesque commencement program began with the seniors entering, led by an improvised band. Skinner, '26, was master of ceremonies. Henry Yuan, '28, read the salutatory in Chinese. "Dr." Michels, '26, presided and read an evidently serious grading of various professors which was humorously received by an appreciative audience. There followed the auctioning off of the charcoal etchings. A picture of Prof. Fancher directing the choir sold for the highest figure. Diplomas in the form of appropriate gifts and fictitious degrees were given members of the class.

BASEBALL TEAM TURNS IN THREE VICTORIES

Nine Makes Good Showing Despite Difficult Schedule

The 1926 baseball esason has been one of the most successful in years. Although Hamilton made a mediocre showing, gaining only three victories out of nine games, the record was the best in several years. Inclement weather at the first of the season kept the squad indoors until two days before the opening game with Rochester. However, a wealth of new material has been discovered with which it is expected a strong nucleus for next year's nine can be formed.

The first game of the schedule with the University of Rochester had to be cancelled at the end of the first inning when a rainstorm halted play. This contest tended to show the team's weak points and resulted in the shifting of several positions.

One week later Hamilton got under way, deefating R. P. I. 6-5 in one of the most closely contested battles of the season. The next game also proved a victory for the Buff and Blue team, the contest being with St. Bonaventure at Clinton and the final score 2-1.

In the game with Syracuse University the boys bowed to a 6-0 decision in favor of the strong Orange team. St. Lawrence next walked away to the tune of 5-0, outhitting Hamilton in every inning. After leading in the first few innings against Clarkson, the tables were turned, finally favoring the visitors 10-6. Only a break in the eighth inning made a hole in the game which was decidedly in Hamilton's favor.

Stormy weather shortened the game with Colgate. In this abbreviated contest the Maroon team won 4-1. A closely contested battle with Union was dropped by the Hamilton men by a 7-4 tally. A "freak" second game with Rochester resulted 14-7 for the Yellow. The last game of the year resulted in a 11-1 victory for Mc Bride's men over the New York State College for Teachers.

Among the greatest additions to the regular team are Chatfield as catcher and Knox as pitcher. Both are members of the class of 1929. Donohue and Martin did fairly well in the pitcher's box. Hassard also helped the hurlers. MacLean, who was elected captain of next years' squad, shone at second base all the season. Worboys was advanced to first base as the season dew on. "Ernie" Warren held down third base. "Bill" Church played shortstop throughout the season. The outfield was well handled by King at center, Courteau at te left, and F. E. Pierce on the right. Tolles and Lewis, veteran catchers, had a hard fight to hold their position from Chatfield, their most active contestant. Several others unable to earn a permanent berth this year should be able to advance by another season. Graduation will bring the loss of Captain Courteau, Payne, Martin and Ricketts of the baseball squad.

The end of the year may be summarized by the fact that the Hill nine has, for the most part, played heady ball and have demonstrated much improvement since the opening contest with Rochester. The team has largely made up for the lack of hitting by clever base running.

BOARD APPOINTS FITCH DEAN AT ANNUAL MEETING

New Faculty Members Appointed for Courses in Music and in Christian Evidences

PLAN NEW FACULTY HOUSES

Third Floors of Library and Root Hall to be Altered

Dr. Edward Fitch was reappointed Dean to fill the position left open by the resignation of Dr. A. P. Saunders at the regular meeting of the Board of Trustees held Friday afternoon. Dr. Fitch, who was graduated from Hamilton in 1886, is the Edward North Professor of Greek. Dr. Saunders, who resigned the Deanship in order to devote more time to his studies, will continue in his present capacity as Childs Professor of Agriculture and General Chemistry.

The Board of Trustees also appointed Berrian R. Shute to fill the newly created professorship in the course of Musical Appreciation and John Howard Howson to fill the chair in Ethics and Christian Evidences.

Mr. Shute attended the Institute of Musical Art in New York City for six years and the American Orchestral Society for one year. He entered Harvard and left to serve in the World War. He is at present an instructor in music at Columbia and is the organist of the First Congregational Church in Stamford, Conn.

Mr. Howson is at present an instructor at the Union Theological Seminary. He received his A.B. at the University of Toronto, his B.D. at Union Theological Seminary, and his A.M. at Teachers' College, Columbia.

Other business transacted at the meeting of the Trustees included the letting of contracts for the three new faculty houses which will be constructed this summer and the acceptance of the Renwick Scholarship for study at Woods Hole, of the Hamilton College Singing Trophy, and of $7500 from the Carnegie Corporation for the course in Musical Appreciation to be offered next year.

The trustees voted to change the name of Knox Hall, the birthplace of Elihu Root, to Buttrick Hall, in honor of the Buttrick famliy, which has been identified with the college for several generations.

An appropriation for additional lockers in the gymnasium was voted and plans for the remodeling of the third floor of the Library were approved. It is also planned to make use of the old Biology Laboratory on the third floor of Root Hall of Science as a music room.

PENTAGON FOR COMING YEAR IS SELECTED

In selecting Charles W. MacLean of Brooklyn, Nathaniel Mann, 2nd, of Pelham Manor, Frederic S. Marquardt of Dayton, O., Harry W. Swartwout of Clinton, and Hamilton H. Bookhout of Utica for membership in Pentagon, honorary senior society, five of the most all around men in the class were chosen and honored with one of the highest honors the college can offer.

MacLean, thruout his three years at Hamilton, has been prominent in athletics. Next year he will captain both the hockey and baseball outfits.

Mann is another athlete, playing on both the football and hockey teams. He is a also a member of the Executive Council.

Marquardt is editor-in-chief of **Hamilton Life** for next year, was circulation manager of the Hamiltonian, manager of baseball and member of Pi Delta Epsilon.

Swartwout is a member of the honor court, was business manager of the Hamiltonian, and member of Pi Delta Epsilon.

Bookhout is another man prominent in athletics and student activities. He is a member of the football team, fencing team and track team. He is a member of the honor court, Delta Sigma Rho, and was on the intercollegiate debate team.

—A. Hawley, Ph.D., '16, was mentioned in a recent issue of the "Phi Beta Kappa Key."

—Harold H. Hastings, '26, will be married to Miss Marion Louise Steenbergh of Saratoga Springs on Monday, June 28.

IN RETROSPECT

Monday will witness the celebration of Hamilton's One Hundred and Fourteenth Commencement. On that day the class of 1926 will take its place with the hundred odd classes that have preceded it, a truly impressive number for a country where popular education has only so recently developed.

The Senior Class, or more appropriately the graduating class, has seen Hamilton undergo a rather rapid metamorphosis in the last four years. Numbering approximately fifty men, the class of 1926 is probably the last of the small classes. With the college enrollment constantly maintaining its limit of four hundred, future graduating classes will undoubtedly be larger.

That the college has grown in property and equipment as well as in enrollment, is also unquestioned. If grades are a criterion of the value of the courses being offered, then Hamilton has certainly maintained, if not improved, its reputation as one of the most conservative of classical colleges. For instance, there has been a steady decrease of the college scholastic average for the past three years. Or we might point out the fact that the graduating class has shrunk by about half since it entered this institution.

The class of '26 has also witnessed several more intangible changes. The old sweat-shirt which was part of every Hamilton undergraduate's wardrobe, has been replaced by a variety of brilliantly hued sweaters; the corduroy trousers have given way to spotlessly white linen knickers, Oxford bags, and plus fours. Rowing has been ostracized and the mere thought of paddle day, water fights, or paint night, brings a shudder of horror to the heart of every true underclassman.

Far be it from us to attribute the credit for these changes to '26. The Seniors have shown their complete independence on more than one occasion —even in the matter of paying Hamiltonian taxes.

In a few more days you will receive the highly coveted diplomas—those of you who are lucky—and will go out to do battle with the world. To each member of the graduating class **Hamilton Life** extends its sincerest congratulations coupled with the best of wishes for success "out in the cold, cold world."

ALUMNIANA

By W. H. Squires, '88

—Dr. James Madison Glass, '97, Director of Junior High Schools for the State of Pennsylvania, has long been considered as a Court of Appeals on all matters of the Junior High School in this country. After leaving college, Glass became interested in the schools in Rochester where he developed a Junior High School that became a model of its kind in this country. Delegations from distant states visited Rochester to study the plans and curriculum there worked out and made practical. When Hon. Thomas E. Finnegan, (LL.D. Hamilton, '17) for over 25 years at the head of Secondary Education of the State of New York, became Superintendent of the school system of Pennsylvania, he secured the services of Glass as the Director of Junior High Schools of that state. In Bulletin No. 27, 1925, of the Department of the Interior, Bureau of Education, W. S. Deffenbaugh, Chief of City School Division, quotes Director Glass in the matter of the influence of the colleges on the reconstruction of the Junior High School so as to harmonize with the Senior High School thus: "Insistence by the colleges on 16 college-entrance units constitutes a condition which threatens the full realization of the principle of continuity in the reconstruction of the Junior High School curriculum."

—Professor James Albert Winans, '97, formerly of the Cornell University Faculty, Department of Public Speaking, now on the Dartmouth Faculty, same department, has lately had a very appropriate tribute paid to him in the form of a volume of essays entitled "Studies in Rhetoric and Public Speaking. In Honor of James Albert Winans, by Pupils and Colleagues." The volume is dedicated to this great teacher of a most vital and difficult subject "upon his completion of a quarter of a century of teaching, during which period, by his work in college classrooms, by his writings, and by his personal qualities, has exercised a beneficent leadership in the field of academic instruction in public speaking." This volume of 400 copies is made up of 11 essays, of 299 pages, ranging from such subjects as "Plato and Aristotle on Rhetoric and Rhetoricians," "Emerson and Oral Discourse," "Phonetics and Elocution," to "A Psychological View of Argumentation." The planning and general editing of the volume has been in charge of Alexander M. Drummond, '06. Professor Winans published in 1915 a book on "Public Speaking" which has wielded a tremendous influence in the field of public speaking in the institutions of our country. At Cornell University, Professor Winans established the fact, against stout opposition, that public speaking must be founded on rock-bottom scholarship. This is the theory of public speaking that has given to Professor Winans such a grip on his students. This volume in his honor emphasizes the fact that public speaking is co-ordinate with every other department in higher education in its breadth and accuracy of scholarship. Professor Winans has proven himself a pioneer in a great field, by demonstrating the fact that the scholar in public speaking is the one condition of its real success. The friends of Professor Winans who have known him as student, companion, teacher, and as a man of sound and accurate schoralship, will give their hearty endorsement to this splendid tribute to him expressed through the volume "Studies in Rhetoric and Public Speaking by Pupils and Colleagues."

—J. Willard Huff, '03, after serving eight years as city attorney of Waterloo, N. Y., nine years on the Board of Trustees of the Waterloo High School, serving also as Trustee of the Waterloo Library and Historical Association, has entered on the duties of District Attorney of Seneca County. For many years Mr. Huff has been a member of the law firm of Bacon & Huff. Attorney William A. Bacon was in the class of 1900.

—John A. Jones, '17, was discharged from the Army July 30, 1919 and was advised by the Army surgeons to live as much as possible in the open air. He went to Texas and secured a position with an oil company as a "roughneck" who desired to learn the business from the bottom up. He became a tool-dresser, then opened a garage with an old friends at Hamlin, Tex. Crude oil appealing to John more strongly than the refined product used by automobile magnates, he sold out his interests to his partner and quickly found employment with the Sinclair Oil Company at Wichita Falls. In May, 1920, he went to Mexico where he had secured a good position with the Huasteca Petroleum Company, controlled by the Standard Oil Company of Indiana, a company producing fuel oil, possessing extensive properties in Mexico. Jones was noted in college for his love of outdoor sports, fair play, and his genuine democratic spirit.

—Paul Matt, '22, after finishing his pre-medical course in Syracuse University, decided to continue the study of law which he had been pursuing in the law offices of Leo O. Coupe, '10, in Utica. Matt is studying in the Albany Law School while holding a secretaryship to one of the State legislators.

—Platform lecturer Albert L. Blair, '72, formerly editor of the Boston Transcript, is still engaged in his whirlwind lecture campaigns in all parts of the country. Blair has been one of the foremost political campaigners in many a presidential election battle during the last 40 years. His famous lecture, "The Whir of the Newspaper Press," has been delivered 1687 times to applauding audiences, and Blair delivers it today with all the enthusiasm and realism of the first presentation. This seems to confirm the theory of one of the Wesleys who said that he never succeeded in doing justice to a sermon until he had delivered it a thousand times. It is a mighty good speech that will bear repeating once—a perfect miracle of a speech that can run a thousand times! Blair was born to laugh and to make people laugh, and that is the secret of his youth today and his remarkable power to interest American audiences.

—Professor Walter E. Peck, '13, in the Department of Public Speaking, Wesleyan University, Doctor of Philosophy from Oxford, Eng., has just published, with an English associate, his first volume of the works of Percy Bissche Shelley. This volume is on sale at $16. Others will follow in the near future. This edition is the result of careful critical study and furnishes the authentic text and much new matter on the ife and art of this literary genius. This work is in 16 volumes and 800 copies will be printed in the first edition. At this date the entire 800 sets have been sold in advance in the United States. Professor Peck has had a successful career as teacher of English in Ohio Wesleyan University, Columbia University, New York, and has been active as a public lecturer connected with one of the Speakers' Bureaus of New York.

—Superintendent Albert S. Davis, '04, of Boonton, N. J., whose case against the Boonton Board of Education which annulled his contract as teacher for 1925 and 1926, has won his complete vindication before the Commissioner of Education of New Jersey. As a result of the Commissioner's decision, Professor Davis receives full salary at the rate of $5,500 a year from August 1925, to the end of the school year of 1926. "The schools were shown by the testimony to have a high standard of efficiency during Superintendent Davis' incumbency."

—Dr. Ernest S. Griffith, '17, has just published a two volume work on Municipal Government in England and the United States. After receiving his D.Phil. from Oxford University, Griffith undertook the management of an extensive settlement work for men and boys in the city of Liverpool. Griffith was always an organizer and his Pioneers of America gave him a wide acquaintance with distinguished people and secured his appointment as Rhodes Scholar in Oxford. When Utica was agitated over the matter of City Manager Plan of Government, it was Griffith who furnished the clearest arguments for this form of city government. He has finally embodied his municipal theories in a two volume work that will give him international prominence. As prize-taker, debater, orator, valedictorian of his class, Griffith left behind him in Hamilton College a splendid reputation. He seems to be keeping up his record as a post-graduate and as a man in the world of affairs.

—Professor Chester H. Stratton, '19, Department of Spanish, Utica Free Academy, has been appointed a member of the Committee to frame syllabuses and to prepare examinations in Spanish under the Regents of the State of New York. Besides teaching Spanish, Stratton is also at the head of the library staff of the Utica Free Academy. Before going to Utica, Stratton was principal of the Madison, N. Y., High School.

ATHLETIC INSIGNIA AWARDED AT MEETING

Results of Managerial Competition Announced

Considerable business of importance was transacted at the final meeting of the Undergraduate Association, including the appointment of the managers for the coming year and the awarding of letters in baseball, track, and tennis. The meeting was held in Commons, Saturday, May 29.

At the opening of the meeting Robson, secretary of the Executive Council, read the minutes for the meeting held on Thursday, May 27. At this meeting Managers Marquardt, Pickard and Hinke presented their recommendations for the awarding of letters. The list of competitors for managerial positions in 1926-27 was approved. Burns was elected secretary of the executive council for next year. The hockey schedule for the coming season was passed upon. In addition a motion was made that in the future the holders of all athletic managerships shall be seniors. Action upon this matter was deferred until the first meeting in the fall. Under this plan there would be an assistant manager in each sport.

Robson presented recommendations for membership in the Honor Court for next year. T. A. Bald and Wylie were elected from the sophomore class and Jenness from the freshman class. Swartwout will be president of the Honor Court throughout the year.

The awarding of letters in spring sports then took place. The following men received awards for baseball: Block "H", Courteau, MacLean, Martin, Donohue, King, Church, Warren, Worboys, Pierce, Chatfield, and Knox. Manager's "H", F. S. Marquardt; full numerals, Tolles; half-numerals, T .A. Bald, Hassard; full numerals, freshman baseball, Bick, Cranston, Hand, Weston, Montgomery, Stevens, Sherman, Richards, Roselle; half-numerals, Chamberlain. The awards in track were: Block "H", Holley, Van Vleet, Brockway, C. G. Smith, Kinlock, Cutter, DeSormo; Manager's "H", Pickard; full numerals, Ireland, Brookhout, Stone, Kirby, Ahner, Leich, Scovel, Studholme, Chrestensen, Jenness, R. Mann, Oates; half-numerals, A. D. Williams, DeLalla, Taylor, Wheeler, Vosburg, C. R. Clark, Baker, Merritt. In tennis the minor "H" was awarded to Davenport, Mc Gregor, Ballard, Reed; the Manager's "H" to Hinke; full numerals to Warfield; full numerals for freshman tennis to Benton, Normile, Schneider, Huested, and Hollandt.

CLASS OF 1928 AGAIN WINS INTERCLASS SING

In winning the annual interclass sing Tuesday evening, May 25, the sophomore class duplicated its performance of last year.

Throughout the week preceding the sing the various classes had held numerous practice sings. An unusual amount of interest was aroused this year by the donation by Prof. and Mrs. Paul A. Fancher of a cup to be awarded to the class which in the opinion of the judges did the best work.

The evening happened to be as nearly perfect as could be hoped for, and about 9 o'clock the various classes assembled. The seniors formed in front of Commons, the juniors in front of the Hall of Languages, the sophomores in front of the Hall of Science, and the freshmen in front of the Library. Starting with the seniors each class first sang a song which it had individually selected, and then each class followed with "We Come to Hang Our Banners." The seniors sang for their special song, "Student Land," the juniors, "In Those Dear Old College Days," the sophomores, "Bright Hamilton," and the freshmen, "Gather Close, Ye Boys and Men."

At the conclusion of the sing the students collected around the Chapel steps, and Dean Saunders announced the winner. The committee which judged the contest included Prof. Fancher, Dean Saunders, and "Wally" Johnson.

Where two steam locomotives formerly puffed and strained to pull a 360-ton freight train up the steep slope of Maltrata incline, two electric locomotives haul a 660-ton train with power to spare.

Electricity levels the Mountains

In Mexico, romantic land of pretty senoritas and languorous minstrelsy, practical American engineers have harnessed streams so that mountains may be leveled.

The winding thirty-mile Maltrata incline on the road from Vera Cruz to Mexico City is now electrified. Ten electric locomotives replace twenty-three steam engines. The electrics haul twice the tonnage of the steam locomotives—and in half the time, with obvious benefits to traveler, railroader, and shipper.

Yet Maltrata is but an example of electrical progress. For electricity is conquering the grades of railroads and of industry alike, the world over.

Impressive, no doubt, but still modest when compared with the possibilities of electricity in years to come. And it remains for college-trained men, with trained capacity for initiative and leadership, to become ambassadors for further electrical conquests in foreign lands.

The General Electric Company required but eighteen months to electrify Maltrata incline—locomotives, power plant, transmission equipment complete. Engineering skill, backed by vast manufacturing facilities, has enabled G-E to serve humanity in many ways.

A series of G-E advertisements showing what electricity is doing in many fields will be sent on request. Ask for booklet GEK-1.

CHRETIEN WINS PRIZE IN MC KINNEY DEBATE

In the annual McKinney prize extemporaneous debate, held Wednesday evening, May 26, in the College Chapel, C. Douglas Chretien of Yonkers captured the first prize of $50 and Frederick B. Skinner of Scranton, Pa., second prize of $25. The general subject for the debate, "Prohibition", was announced about the first of April but the question, "Resolved, that the enforcement of prohibition should be left to the several states," was not made known until 24 hours before the debate.

The sides for the debate were chosen by lot at the time of the announcement of the question, but the order of the speakers was not determined until half an hour prior to the start of the debate. The contestants, John W. Chase, Harold Bohn and John Hutchens on the affirmative, and C. Douglas Chretien, Frederic Skinner and George Schiro on the negative, were chosen as a result of their excellent work in public speaking. The speakers were allowed 10 minutes for their advance speeches and five minutes for their rebuttal speeches.

The question as presented was undebatable. When one of the members of the committee in charge was asked what the subject was supposed to include, he said that the question had been planned so as to cover the ground before and after the 18th Amendment, but through an error the question was misworded. The affirmative tried to show that the 18th Amendment should be repealed because of its failure. They based many of their arguments on the old idea of the state's rights. The negative maintained that the states would be unable to enforce prohibition and urged that it be given a further trial under federal control. The rebuttal speeches were all debates as to what the question really meant.

Popular vote gave the negative side the decision by a large majority.

The judges were Dr. Walter C. Gibson, '90, of Utica; O. Gregory Burns, '14, of Clinton; Willett B. Sherwood, '15, of Utica; Barton D. Miller, '19, of Utica; and William J. Woods, '22, of Clinton.

—Dr. Edward Fitch was elected president of the Phi Beta Kappa Society of Central New York at a meeting of that organization held recently

SELECTION OF 1926-27 WAS LOS IS COMPLETED

With the customary trampling and dip in the fountain, Was Los, junior honorary society, completed its roster of members Thursday morning, May 27. The men tapped in the order of their election are: Robert G. Fisher of Rochester; William B. Church of Washington, D. C.; Robert L. Reed of Buffalo; Ernest N. Warren of Carthage; William M. Merritt of Brooklyn; and Robert N. Brockway, Jr., of Summit, N. J.

"Bob" Fisher, the first man tapped, has starred for two seasons on the soccer team and player on his freshman basketball and baseball teams. He is a member of Delta Kappa Epsilon and D. T. "Bill" Church has played for two years on the baseball team. He is a member of the Honor Court, Sigma Phi and the D. T. Club. "Bob" Reed, who is president of the sophomore class, is a member of the tennis team and played on his freshman basketball team. He is a member of Sigma Phi and D. T. "Ernie" Warren has played on the baseball team for two years and was a member of the football squad. He is a member of Alpha Delta Phi. "Will" Merritt, a cheer-leader, is assistant manager of the Musical Clubs and a member of the fencing squad. He is also a member of Chi Psi and D. T. "Bob" Brockway played center on the football team and is captain-elect of track. He is a member of Delta Kappa Epsilon.

DELTA SIGMA RHO

Six new members were initiated into Delta Sigma Rho, the national honorary forensic fraternity, last Saturday evening. Frederick J. DeLaFleur, Jr., '26, Albert R. Fulton, '26, George Schiro, '26, Ian J. Bald, '27, Archibald K. Roberts, Jr., '28, and Paul H. Hays, '28, were the men thus honored. The formal initiation, which took place on the Hill, was followed by a banquet at the University Club in Utica after which Professor Patton, a member of Delta Sigma Rho, and Professors Lewis and Marsh of the Public Speaking department delivered short speeches.

The new members are experienced debaters, all having had two or more years of training in the various intercollegiate debates in which Hamilton has been represented.

P. A. *throws pipe-peeves for a loss*

AND the bigger they are, the harder they fall, as Shakespeare or somebody said. You can prove this beyond question with a jimmy-pipe and a tidy red tin of Prince Albert. Any time. Anywhere. As a matter of fact, tackling pipe-grouches is P. A.'s regular business.

Cool and sweet and fragrant, P. A.'s wonderful smoke comes curling up the pipe-stem, filling your system with a new brand of pipe-pleasure. You smoke—and *smile!* For the first time in your life, you've found the one tobacco that scales to your blueprint of bliss.

Slow or fast, no matter *how* you feed it, P. A. never bites your tongue or parches your throat. Those important items were taken care of in the original plans by the Prince Albert process. Get yourself a tidy red tin of this *friendly* tobacco today.

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and parch removed by the Prince Albert process.

PRINCE ALBERT

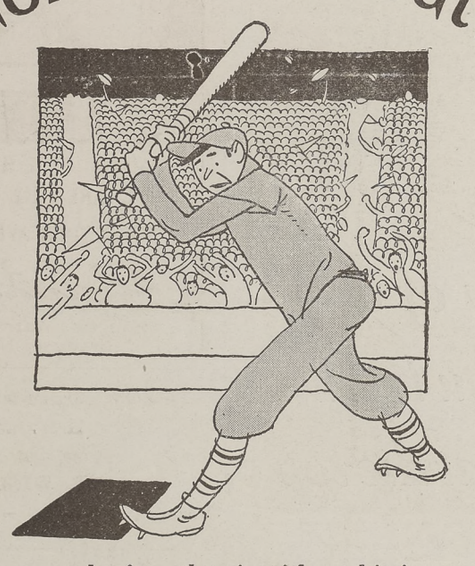
don't strike out!



The man who fans the air without hitting anything will soon be out of the game. In college or in business, at work or at play, get strength for the game of life by eating

Shredded Wheat

It contains all the muscle-making material in the whole wheat grain prepared in a digestible form. Many persons imagine they can get "strong as an ox" by eating beef. The ox gets his strength from grass and cereals. He doesn't eat meat. After a strenuous hour on the diamond or the gridiron, nothing is so refreshing and appetizing as the crisp, flavory, oven-baked shreds of whole wheat with milk or cream, or fruits. A real energy food for men and women who do things—and so easily and quickly prepared. Eat it for ten mornings and see how much better you feel.

HAMILTON IS SECOND IN CONFERENCE MEET

Alfred Takes First Place by Large Margin

First honors in the opening meet of the New York State Intercollegiate Conference, which was held here Saturday, May 29, were carried off by the strong Alfred team by a decisive margin, from a field of six entries. The Alfred team succeeded in running up a total of 67½ points to Hamilton's 48½, Rochester's 46, St. Bonaventure's 29, St. Lawrence's 25, and Niagara's 9.

The Hamilton team, displaying what was by far its best form of the year, made a brilliant completion of a rather mediocre season by finishing second. In addition to winning four firsts the Buff and Blue team succeeded in placing a man in all but three of the scheduled events.

Besides finishing second, three college records were broken by the Hamilton men. Van Vleet established the first new record of the day by tossing the shot 4 ft., 11 3-8 in., a little more than two feet better than the record which he established in the Middlebury meet the week preceding.

De Sormo set the second new record in the javelin, bettering the old mark of 150 feet by a matter of 6½ inches. Cutter cracked the other mark by tying for first in the high hurdles with the time of 16½ seconds.

The most exciting race of the day occurred in the finals of the high hurdle event, when Gibbs of Alfred crossed the tape in a dead heat with Cutter to set the new college record for that event. The mile event also proved a close race, when Fitzgerald of St. Bonaventure spurted desperately on the final lap, coming within a few feet of catching Herrick of Alfred, who finished first.

Some excellent records were set in this opening meet of the N. Y. S. I. A. C. which teams in the future will have a hard time beating. The time of 10 seconds flat in the century dash as well as the marks in the two hurdle events and some of the field events are ones that will probably stay for a couple of years at least.

COMMENCEMENT PROGRAM ATTRACTS MANY ALUMNI

The following list of alumni who were on the Hill during Commencement is as complete as could be obtained:

Sigma Phi: Donald Jones, '24; Henry B. Lent, '24; Willard M. Pottle, '24; John P. McMaster, '25; Herbert D. Meritt, '25; Charles W. Perry, '25; Alexander C. Soper, III, '25.

Psi Upsilon: Carl H. Stevens, '24, Auburn; Roy A. Porter, '13, Batavia; J. H. Davies, '23, Rochester; W. U. Kreutzer, '90, Red Creek; Ehner O. Hoffman, '05, Schenectady; Paul W. Dakin, '84, Cherry Valley; .N B. Pratt, '12, Forestville; Forest Gates, '14, Johnstown; Paul B. Williams, '08, Utica; Daniel W. Wardwell, '05, Rome; Perry A. Miller, '06, Rome; Wallace B. Johnson, '15, College Hill; Frank S. Tisdale, '88, New Hartford; Francis D. Willoughby, '09, Utica; W. F. Canough, '03, Syracuse.

Chi Psi: J. H. Judson, '76; R. A. Patteson, '87; J. P. Montrose, '87; H. W. Callahan, '78; H. T. Maxwell, '03; F. B. Gilbert, '89; C. K. Gilbert, '02; C. G. Tennant, '04; C. Mann, '06; J. M. Lown, Jr., '04; P. Knox, '04; J. T. B. Bissell, '15; P. T. B. Bissell, '17; O. E. Ferry, '95; F. D. McLean, '08; R M. Scoon, '07; H. L. Sarles, '10; R. M. Burke, '23; D. W. Burke, '93; R. D. Fowler, '24; S. F. Engs, '87; R. L. Engs, '19, P. S. Olver, '24.

Delta Upsilon: Frank H. Robson, '87; John G. Peck, '87; Arthur D. Scovel, '96; Edman Massee, '73; William N. Robson, '16; Henry D. Hopkins '87; Hon. F. W. Griffith, '86; William A. Ferguson, '04; E. J. Wager, '85; Frederick G. Scovel, '25; W. F. Hoyt, '25.

Delta Kappa Epsilon: R. N. Brockway, '91; Howard Davenport, '01; Richard Drummond, '01; Charles Harwood, '02; Floyd M. Wills, '04; Alexander Drummond, '06; Tom Mangan, '94; John Henderson, '08; Nelson Drummond, '02; Robert Hayes, '05; Louis Boisot, '77; E. Couper, '20; Leo Coupe, '10; Harry Coupe, '21; O. Gregory Burns, '14; Louis Brockway, '17; Pirnie Pritchard, '21; James Davis, '22.

Theta Delta Chi: Louis J. Ehret, '04; Dr. Albert A. Getman, '11; A. K. MacLachlan, '20; A. R. Thompson, '25; William G. Mulligan, '86; John D. Gregory, '25; J. E. Hastings, '25.

Emerson Literary Soceity: William Love, '09; William J. Lonsdale, '01; Leslie E. Moore, '24; George L. Mac Clelland, '86; Allen R. Hallock, '06; Frederic E. Williams, '16; David G. Smith, '89; George V. Edwards, '91; Lawrence A. Wood, '25; Edward A. McMaster, '86; Robert H. Ball, '86; Erwin E. Babcock, '08; Charles A. Springstead, '05; Rocco Lopardo, '21; Richard J. Williams, '09; Joseph J. Weber, '05; Donald W. Grieve, '24.

$381,397 PLEDGED IN ENDOWMENT CAMPAIGN

According to the latest report from the heads of the campaign for the million and a half dollar endowment fund, which was opened early this spring, the campaign has been progressing very well.

Although the work on the campaign has barely begun the most recent figures show that a total of $381,397 has been pledged so far.

The amount that has been pledged up to this time has come from but a very few of the places which will be reached by the canvass. There are organizations in 42 different cities, but so far only four of these have been heard from. When these organizations begin to send in their reports it is expected that the total will rise steadily.

MANAGERS ANNOUNCED FOR COMING SEASON

The election of the athletic managers and assistant managers for next year, as announced at the college meeting held on May 29, resulted in the selection of the following men to act as assistant managers next year in the three sports carrying senior managers: football, Jones; hockey, Loomis; basketball, Fanning; in the sports calling for junior managers, these men to be managers next year: baseball, Pierson; fencing, Bannerman; tennis and soccer, Moore; track and cross country, Corby. The order of election was Loomis, Jones, Pierson, Fanning, Bannerman, Moore and Corby.

The assistant manager of football next year is Vincent S. Jones of Utica who is a member of Psi Upsilon. He will be assistant to Norris H. Hoyt, who will succeed Harold J. Michels as manager. Norman B. Loomis, assistant manager of hockey, is a member of the Press Board, and of Sigma Phi. The manager of hockey will be Albert Hirshheimer, who succeeds William H. Freeman. The other senior managership, that of basketball, will be filled next year by Burton C. Belden, who will have for his assistant, Lester A. Fanning, a member of the Emerson Literary Society.

The remaining sports, which carry junior managerships, will be managed next year by the successful men in this year's competition. The manager of baseball will be Arthur F. Pierson, a member of Delta Upsilon, who succeeds Frederic S. Marquardt. William T. Bannerman, a member of the **Life** Board, and of Lambda Chi Alpha, will succeed Thomas A. Hickok, as manager of fencing.

Dudley L. Moore, a member of the Gaboon board, Alpha Delta Phi, will manage the tennis and soccer teams next ear. The manager of these sports next year. The manager of thee sports G. Corby, manager of track and cross country next year, succeeds Darwin R. Pickard. Corby is ex-vice-president of his class, an elder in the college church, and secretary of the Y. M. C. A.

Discussion has been heard recently over the advisability of making all managerships, senior managerships. This question will be taken up at the first college meeting next year. Under the present ssytem, in the sports calling for senior managerships only is there a junior assistant manager. The junior managers may, however, rely for assistance and advice from the ex-manager in his sport.

—Dr. Frank B. Gilbert, '89, who is on the Hill for Commencement, has recently resigned his position as Deputy State Commissioner of Education, and counsel of the university of the State, which position he has held for 35 years. His resignation was the occasion of resolutions of regret, and of appreciation for his many years of successful service of the sttate, from both Commissioner of Education Graves and from the Board of Regents. In presenting the resignation of Dr. Gilbert to the Regents, Commissioner Graves said, in part: "During this long period Dr. Gilbert has rendered service of inestimable value to the advancement of education in this state. It is difficult to find terms ciation of his faithful and efficient strong enough to express my appreservice."

In accepting Dr. Gilbert's resignation, the Regents adopted a resolution heart endorsement of the remarks of saying: "The Board expresses its the President of the university concerning the unique services of Judge Gilbert, and it hereby conveys its keen sense of personal loss in the retirement of a friend and counselor and its recognition of the loss to the State of a public official of sound judgment, unswerving loyalty and wide knowledge of educational affairs."

Judge Gilbert will practice law in Albany and will be affiliated with Matthew Bender & Co., law book publsihers, as editorial adviser.

The fall term of college will begin on Thursday, Sept. 23.

MANY PARTS OF CAMPUS UNDERGO IMPROVEMENT

The College campus is at present undergoing several highly beneficial improvements. Each quadrangle is now able to see a portion of the work that is being done and to realize how greatly these changes will alter the appearance of the campus.

One of the changes most appreciated by everyone is the removal of the old flagpole and the installation of a new steel one whose top will stand 80 feet in the air. During the last banquet season the ropes were utterly ruined in raising and tearing down a class banner. Since that time there has been no flag floating and the pole, badly in need of repair, has stood an eyesore to everyone on the campus.

The second quadrangle sees the completing of Knox Hall coming into sight. The slate roofing is partially in place and some idea of the vastly improved appearance of the building can now be secured.

It is on the newest quadrangle, however, that the most noticeable change is taking place. The land, much of which was in most unfavorable condition for the growing of grass and shrubbery, is being prepared for seeding by introducing large quantities of loam and earth. The plots directly around the new Science Building have all been seeded and it is expected that the rest will be completed shortly.

In addition to the more noticeable changes, many of lesser consequence are taking place. Everyone has noticed with satisfaction the newly repaired Senior Bench. Rough shale has been placed on the walks and will be used in filling the badly rutted spots on the roads. It is planned to oil the roads during the coming summer. Some slight repairs are being finished on New Science Building. Work on the three new houses for the accommodation of the faculty members is expected to start very shortly.

COMMENCEMENT PROGRAM GETS WELL STARTED

(Continued from page 1.)

ting close to this already full day, this evening at 7:30 the Clark Prize Exhibition will be held in the chapel. The six appointees to this exhibtiion, with their respective subjects, will be: John Waddell Chase of Clinton on American Imperialism; Charles Douglas Chretien of Yonkers on The Exile of Doorn; Peter Bentley Daymont, Jr. Utica, on Plymouth Rock and Ellis Island in American Life; John Kennedy Hutchens, Missoula, Mont., on The Exile of Doorn; Joseph Louis Katz, New Rochelle, on Intolerance in the United States; and Burrhus Frederic Skinner, of Scranton, Pa., on Plymouth Rock and Ellis Island in American Life.

Sunday morning at 10:30, President Ferry will deliver the Baccalaureate Address to the members of the graduating class. At five tomorrow afternoon, the college choir, under the direction of Professor Fancher, will give a recital of choral music in the chapel.

On Monday morning at 10 o'clock will come the big event, to which all the meetings and exercises just enumerated will lead, the graduation of the class of 1926. The class will begin to gather in front of Benedict Hall, Language Hall, at 9:30. "The alumni division of the procession will form at 9:45, to move at 10 by the college bell. The order will be as follows: graduates, according to class seniority, then the undergraduates of '27, '28, '29, the graduating class of 1926, the Faculty, and, finally, the Trustees with the candidates for honorary degrees and other guests. In its march the procession will move north along the west side of the quadrangle. At Root Hall, the Faculty, and at Truax Hall (Philosophy Hall), the Trustees will fall in at the rear. Thence all will proceed northeast and turn down the stone walk to the chapel. When the head of the procession reaches the Chapel, it will stop, and the lines will open and stand facing inward while the divisions pass thru, the rear of the procession entering the Chapel first. Seats will be found reserved for those in the procession. At 10 the exercises will be held, including the orations, the granting of diplomas, and the conferment of degrees. At the conclusion of the exercises the various divisions in the procession will leave the chapel with the order reversed by which they entered. The Alumni Luncheon will be served in Commons immediately after the exercises. To this luncheon all sometime members of the class of 1926, and all alumni, are welcome. Tables marked with cards will be reserved for the various classes. Another luncheon will be served after the Commencement exercises by the Smith College Club of Utica, in the Benedict Hall of Languages at the charge of one dollar per person.

All alumni and guests are requested to register in the hall of the College Library as soon after their arrival as possible.

TENNIS TEAM WINDS UP DISASTROUS SEASON

When the Buff and Blue racquet squad lost their final match of the season to Union by a 4-2 count, last Saturday, they brought to a close a rather disastrous court season. Altho the team played poorly most of the season there were one or two bright spots in an otherwise dull and drab record. Noteworthy exceptions to Hamilton's consistently poor exhibition of tennis were furnished by the match with Hobart and by Ballard's playing in the Syracuse match when he defeated the Orange captain in three sets. The Hill team managed to trounce the Hobart racqueteers and played well against Syracuse, losing to its crack squad by a 4-2 score.

Since none of this year's squad will be lost this June by graduation the prospects for next year seem exceedingly bright. The extra year of practice and experience in intercollegiate competition should prove very valuable for the team next year.

The squad lost two matches to Colgate, one at Hamilton and one on the Hill, 6-0, 5-1. Amherst trounced the local team in a match on the Hill, 6-0. The Buff and Blue managed to nose a win over the Hobart racqueteeers, 4-2. In a match in the Salt City, Syracuse University took the visitors into camp by a 4-2 count. It was in this match that Fred Ballard surprised everyone by conquering Weinheimer, the Syracuse captain, in three hard, fast sets.

Rutgers and Stevens Tech both vanquished the visiting Hamilton court squad on their trip to those colleges. Last Saturday's defeat at the hands of the Garnet brought to a close one of the most consistently poor seasons in the history of tennis on the Hill.

NEW FACULTY RULING

In accordance with the recommendation of the Discipline Committee, the Faculty voted at its meeting on Monday, May 24, to add the following rule to the Administrative Rules of the College. "It is forbidden that young women be taken into the dormitories or be received or entertained there at any time without the attendance of a chaperon."

—The Rev. Alexander Wouters, '93, was recently installed as the first pastor of the First Reformed Church of Kew Garden, N. Y.

NEW MEMBERS OF HONOR COURT ARE ANNOUNCED

At the final college meeting of the year, held in Commons last Saturday night, the members of next year's honor court for the three upper classes were announced. The court next year will consist of the following men: Seniors, Swartwout and Bockhout; Juniors, Wylie and Bald; Sophomore, Jenness. Both of the senior members were on the court this year as representatives of the class of 1927. Robson, president of the honor court this year, announced that Swartwout would be president next year.

Swartwout is a member of Pi Delta Epsilon, business manager of the 1927 Hamiltonian, and a member of Alpha Delta Phi. Bookhout is a member of the D. T. Club, a letter man in football, a member of the track team and was class president his freshman year. He is a member of the Chi Psi fraternity. Bald is a letter man in hockey and a member of Emerson Literary Society. Wylie is manager of Charlatans for next year, and was president of the class of 1927 last year. He is a member of the Delta Upsilon fraternity. Jenness is a letter man in football, a member of the track team, a member of the D. T. Club, and a member of Sigma Phi.

The outgoing members of the court are Robson, '26, Marquardt, '26, Church, '28, and Calkins, '29.

—William M. Collier, '89, American Ambassador to Chile, is handling matters to the "entire satisfaction" of Secretary of State Kellogg, and "enjoys the fullest confidence of the department," the Secretary announced on March 6. The occasion of this newest commendation of the work of a Hamilton man in an important international field is Ambassador Collier's successful handling of the del-Chile and Peru. Mr. Collier is regardicate Tacna-Arica dispute between ed very highly in Chile because it was chiefly through his tactfulness and ingenuity that civil war was averted two years ago when President Allesandri was forced to resign and leave the country.

—Dr. J. Edwin Sweet, '97, of the University of Pennsylvania, has been appointed professor of surgical research at Cornell University Medical College.

Welcome Hamilton Alumni!

—Edward S. King, '87, who has been connected with the Harvard College Observatory for many years, has recently been made Phillips professor of astronomy at Harvard.

The following new members have been taken on the Life Board: Paul V. Combs, '29; Frederick S. Ellison, '29; Theodore S. Corwin, '29.

Are You Going Into the Bond Business?

There is a cycle of fashion not only for the hats college men wear but for the line of work into which they go.

But your job has to fit your head as well as your hat, for it has to fit your state of mind.

Like your hat also, your job needs to fit your purse.

Therefore, why not choose one that brings not only satisfaction in service but in financial return.

Selling life insurance is one of the few modern businesses that does just this.

It takes:

Intelligence, Zest and Ability

It gives:

Liberty of action, the philosophic satisfaction of selling future security and present serenity to living people, and a response, immediate and tangible, in monetary as well as mental reward.

A STRONG COMPANY, Over Sixty Years in Business. Liberal as to Contract, Safe and Secure in Every Way.

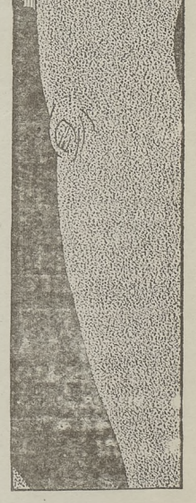
When comes that day of days—and suddenly you know you're a Senior, at the top of the world —have a Camel!

WHEN comes the day that can come but once. And as a Senior you've reached your place at the top of the world—*have a Camel!*

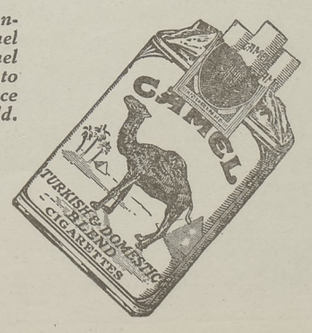
For Camel shares of its own enchantment with life's memorable events. Camels are of such choice tobaccos that they never tire the taste or leave a cigaretty after-taste. Regardless of the money you pay, there is no mellower, friendlier or better cigarette made than Camel.

So this day as you've safely passed all the hazards to life's sublimest moment—know the taste, the contentment that is the due of the world's experienced smokers.

Have a Camel!



No other cigarette in the world is like Camels. Camels contain the choicest Turkish and Domestic tobaccos. The Camel blend is the triumph of expert blenders. Even the Camel cigarette paper is the finest — made especially in France. Into this one brand of cigarettes is concentrated the experience and skill of the largest tobacco organization in the world.



Our highest wish, if you do not yet know Camel quality, is that you try them. We invite you to compare Camels with any cigarette made at any price.
